

Introducing **ModSafe**TM

a new generation of

portable storage

engineered for

safety and security.

The ModSafe Pro is a great choice for applications where security is most important.

Built tough for strength and durability

- **Finally**—a storage container **designed with the environment in mind.** Withstands the elements of rain, wind and sea surge (original ISO certified containers)
- Only the most desirable units are chosen, thoroughly inspected and restored. **ModSafe storage containers look good**, whether on a job site or in a parking lot

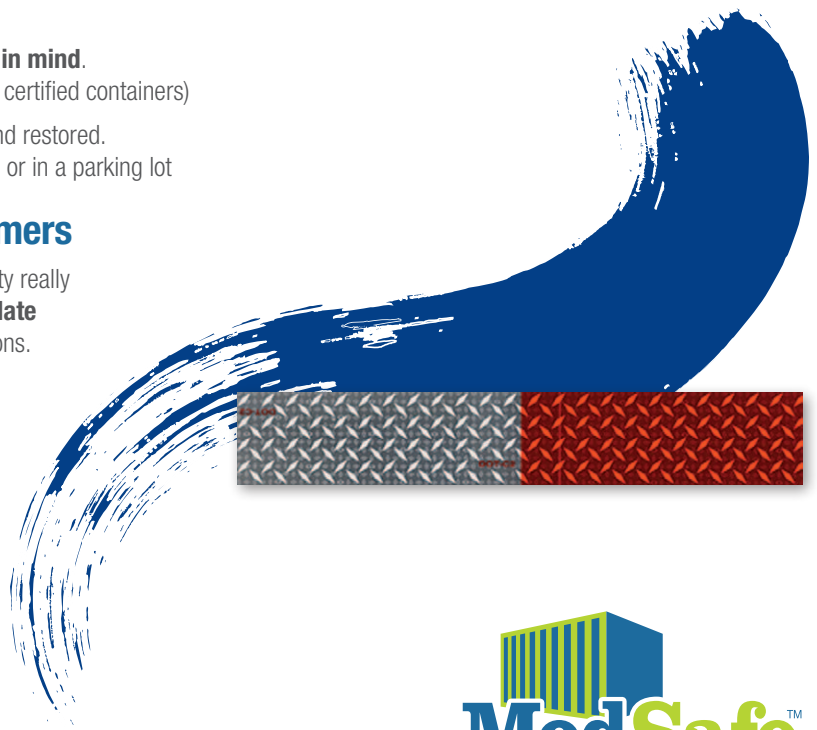

Protect your workers, equipment and customers

Not all storage containers are the same—when safety and visibility really matter, ModSafe Pro (designed with **Reflexite® V52 diamond-plate conspicuity tape**), reduces site accidents in any lighting conditions.

Rest assured, your site is **as safe as can be** with ModSafe's state-of-the-art storage container.

Versatile for any site need

- Steel locking system means **additional security**
- **Tilt bed delivery** for easy placement

ModSafe is available in select locations. Contact your ModSpace branch for details.
