

Certified Remanufactured Buildings

15-Month Warranty

Like New Offices, at Like Used Prices

Available now in the ModSpace Online Showroom: Certified Remanufactured Buildings backed by a 15-month warranty. These buildings are stripped to the studs, meticulously inspected, and rebuilt to like-new condition. And our warranty means your new office can go wherever your business takes you.

Also available from ModSpace

Certified Used

Starting with the same comprehensive inspection, issues are repaired (even replaced) for a finished product that's affordable, built to last and backed by a 90-day limited warranty.

Used As-Is

ModSpace has the right modular office to suit any need, and budget.

Built to Order

We'll remanufacture a building to your precise specifications!

**More value.
More confidence.
Only from ModSpace.**

Certified Remanufactured Buildings

15-Month
Warranty

The Process: How ModSpace Remanufactures a Building

We start with the best, and make them better

It takes a lot for a ModSpace office to qualify for our Certified Building Program. Every building is hand-picked from our extensive fleet based on its structural and foundational integrity. Once chosen, every one must pass a rigorous end-to-end inspection and renewal process before it's aggressively priced and made available to you.

1 Stripped down to the studs inside & out.

2 Inspected end-to-end and top-down by experienced contractors.

3 Rebuilt to like-new condition, including new EPDM roof, HVAC, Panel Box, plus all the interior & exterior components.

4 Inspected, certified and backed by a 15-month warranty.
